## Annual Report : 2018-19

**Gram Jagat** is a Trust registered under the Indian Trust Act, 1882 having its origin in Chatabaran village, in Banka district situated in the southern part of eastern Bihar along the boundary line of Bihar-Jharkhand State. The area is inhabiting domination of tribal population combined with poor scheduled caste and the most backward classes totally depending upon agriculture without any means of irrigation who could hardly improve the living standard, awareness level, educational level, financial status and life style even after 60 long years of independence. It was in the wake of the needs of the society that this organisation emerged in the year 1993 through the creative hands of youths of the area with the objective of achieving social transformation into educated, self-sustainable society practising equality, justice, peace and brotherhood is the vision of the society with special empowerment of Scheduled castes, Scheduled Tribe, Backward castes, weaker sections, women, children, destitute and deprived communities. It is due to the dedications of the youths that in a very short span of its origin it has widely expanded its programmes and activities in its target area and viewing its significant impacts in the area.

- > Agricultural and Irrigational Development
- > Kissan Clubs
- > Formation of farmers producer organisation
- > Watershed management with conservation of Land, Water and Forests,
- > Animal Husbandary
- > Advocacy
- > Environmental Awareness, Social forestry and ecological development

## **Programmes & Activities during the year 2018-19 :**

The programmes and activities carried on during the report year were in continuation of the previous years which are described below :

### **Natural Resource Management**

**Gram Jagat** has been raising awareness on the preservation, protection, promotion, appropriate utilization and balanced maintenance of natural resources of **Land, Forests and Water** because these provide us the most basic essentials for our lives like, crops, fodders, shelters, livelihood health, and so many other things. But a very dangerous developing trend of urbanisation and corporatisation is developing threats not only on rural lives but also on the entire human existence. Hence regular programmes are being organised to raise awareness on this burning issue and in continuation, this year meetings of Gram Sabhas were organised in 14 villages of Banka district through which public contacts, nukkad natak, wall writings, etc. were done extensively to protect the natural resources of the area from going them in the hands of private corporate sectors. Thousands of villagers raised their voices in this mission.

### **Promotion of Agriculture**

Agriculture is the only major means of livelihood of the entire rural area of the district for which the farmers have been following the traditional and conventional methodologies with conventional equipments, resources and technologies. Due to this, they are lagging behind and facing a lot of problems in their food security. Hence, the organisation took it as a mission to aware, educate and to impart trainings on various aspects for promotion of agriculture. For this, besides organizing the farmers into Farmers' Clubs, User Groups, Community Irrigation Groups, Self Help Groups, several non-conventional processes were elaborated to them. For this 7 Gram Sabhas were organised and 4 workshops were convened in which multiple topics were elaborated to raise awareness on new techniques of agriculture and horticulture, lift-irrigation, renovation of old irrigational structures like well, ponds, tanks etc. Other topics included production of vermi composts, organic farming, farming of flowers and medicinal plants, raising kitchen gardening, horticultural garden etc.

### **Farmers Producer Organization.**

Gram Jagat has been very much enlightened and guided by the NABARD authorities on various aspects of voluntary organizations, rural development, farmers' development, government schemes of NABARD and their role and supports, and all about rural development. Being inspired and enlightened, the organization has started various programmes. One of such significant programme has been to organise, educate and aware the farmers (kissan) of the area. In the year Gram Jagat have formed 03 FPOs in Banka district.

## **Social Forestry, Biodiversity & Plantation**

Environmental awareness is one of the main and regular activities among the programmes of Gram Sathi. Environmental crisis is very crucial in the area which concerns not only the ecological factors but also it is directly related to agriculture, food security, livelihood promotion, community health, availability and preservation of ground water, animal husbandary, cattle rearing, fodder development etc. Once it was a dense forest area but now the entire area is lying naked of greenery. The issue is highly critical which has also affected the economic lives of villages. Hence, this programme is given prime importance and therefore this year 4 rallies, tele-film show, shramdan were organised to raise awareness and draw attention of the villagers on the dangers of deforestation, promotion of kitchen gardening, saving all natural resources, promote horticulture, social forestry and other aspects as described above.

## **Health Survey and Study Programme**

An extensive study was organised through survey programme in 12 villages of Katiyari Panchayat of Katoria Block with the co-operation and participation of local Aanganwadi Sevika/Sahayika/Asha workers, other health workers and health coordinator of Gram Jagat . Under this survey, study was made on the numbers of women caring breast-feeding, going to government hospitals for child delivery, adopting nutritional guidelines, literacy, maintaining and using clean drinking water, having knowledge of condoms, cases of child marriage, suffering from diseases due to early marriages, nutrition deficient children, women associated with SHGs, availability of irrigational resource, and many such other issues.

## **Management of Kailu Tribal Public School**

'Right to Education' & 'Education for All' — on this theme Gram Jagat has been working on raising awareness on literacy and education for all, causes of drop-outs, motivating children and guardians to send their children to schools, and such other themes. On this theme 4 Workshops were convened in villages Kalahajor, Boushi, Banka. Under these programmes 50 to 80 parents, guardians and other villagers participated which was addressed by several social workers, teachers, villagers, and representatives of Gram Jagat. There was seen an encouraging impact and the number of children increased in the schools.

5 teachers the school has been restarted and running since 02.10. 2017. All the management of this school is taken care of by the local community and Gram Sathi itself. In this school, 62 boys and 67 girl students are studying. This year the number of children increased by over 100 students and the number of teachers have been raised from 1 to 5 (five) who voluntarily take classes in the school.

### **Other Miscellaneous Activities**

Besides the above programmes, Celebration of Independence Day, Republic Day, Ambedkar Jayanti, Gandhi & Shastri Jayanti, Loknayak Jai Prakash Jayanti, Literacy Day, World Population Day. International Women Day etc. were organized on the occasions of which ideological meetings and workshops, lectures, community programmes, shramdan, plantation, cultural programmes with folk songs and folk dances, competitions, etc. have been propagated.
